

Welcome to the Acrobat Reader. The Acrobat Reader is the Java version of the Adobe Systems, Inc. Acrobat Viewer.

To load a PDF file, click on this page and open the pop-up menu. On Windows, right click will show the pop-up menu. From this menu, select the File sub-menu and select one of the following:

1. [Open](#) to open a local PDF file, or
2. [Open URL](#) to open a PDF file on a WEB server.
